

MT. WHITNEY STATE FISH HATCHERY

The Mt. Whitney State Fish Hatchery is located 1 mile north of Independence and 1 mile west of Highway 395 on Fish Hatchery Road. (Photograph By GLV Photography)

One would probably never think of a fish hatchery as being beautiful, but the Mt. Whitney State Fish Hatchery is an exception. The grounds of the hatchery resemble an old European country estate with lush vegetation that is kept immaculate year round. The main structure is a gorgeous chateau style building that was built in 1916, thus marking the beginning of trout management in the Eastern Sierra region. The hatchery is open to the public weekdays from 7:30 AM to 5 P.M., and weekends from 8 am to 5 P.M.
