

Shoot 214 Under.

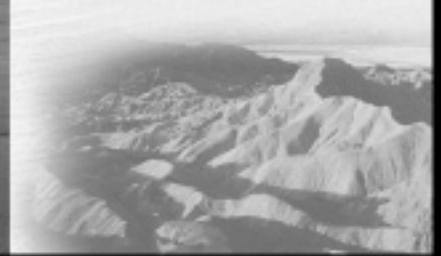

At 214 feet below sea level, it's the lowest golf course in the world. And a very unique golf experience. Awaiting you is a lush oasis of recently redesigned Perry Dye fairways surrounded by galleries of glittering salt flats and dramatic rock formations. It's a setting unlike anything in the world. For tee times, call 760-786-2301. For reservations, call 760-786-2345. Ask about our golf packages for individuals or groups reserving up to 20 rooms.
